PROFESSIONAL SUMMARY:

Full Stack Developer seeking a first professional opportunity in the technology field. Currently pursuing a Technologist degree in Computing Systems at UFF, where I developed my logical foundation with Python, and participating in the Generation Brazil bootcamp, focusing on practical learning of JavaScript, TypeScript, Node.js, and React.

HABILIDADES TÉCNICAS:

Languages and Frameworks: JavaScript, TypeScript, Node.js, NestJS, Python, React, C (currently learning), HTML5, and CSS3.

Databases: MySQL, SQL, and Data Modeling.

Tools and DevOps: Git, GitHub, VS Code, Terminal (CLI), Version Control and Application Deployment, Artificial Intelligence (AI).

Methodologies and Practices: SCRUM, Programming Logic, Object-Oriented Programming (OOP), Coding Best Practices (Clean Code), Error Handling, and Basic Testing.

Languages: English - Intermediate for Reading and Technical Documentation / A2 for Conversation, Spanish - Basic reading.

EDUCATION

Bootcamp - Full Stack JavaScript Developer | Expected graduation: 04/2026

Institution: Generation Brazil.

Technologist Degree - Computing Systems | Expected graduation: 12/2028

Institution: UFF - Universidade Federal Fluminense.

PROFESSIONAL EXPERIENCE

JavaScript Developer (Student)

Bootcamp Generation Brazil

01/2026 - Present

Game Store Management System

Main Responsibilities:

- Developed a CLI management system in TypeScript and Node.js, utilizing a layered architecture (Model, Repository, Controller);
- Applied advanced Object-Oriented Programming (OOP) concepts, including abstraction, encapsulation, inheritance, and polymorphism;
- Implemented complete CRUD operations (create, read, update, and delete), integrating input validation and in-memory data persistence;
- Integrated external libraries, such as readline-sync for interactive menus and iconv-lite for character encoding.

EXTRACURRICULAR COURSES & CERTIFICATIONS

English Language: Oral Production - Interviews - Andifes ISF UFMG - 32h - Proficiency Level A2 - Completion: 07/2025

ADDITIONAL INFORMATION

- Own setup (personal equipment);
- Full-time availability;
- Available for remote, hybrid, or on-site work;
- Available to travel.
